Blissful Bedrooms is a 501(c)3, charitable, not-for-profit organization, composed entirely of VOLUNTEERS. We are dedicated to EMPOWERING, SUPPORTING & ENHANCING THE QUALITY OF LIFE of young individuals with disabilities, both INSIDE & OUTSIDE OF THEIR BEDROOMS.

OUR MISSION

To transform the personal spaces of young individuals, who have sparse resources & various physical disabilities, that make them wheelchair dependent & highly reliant on others for activities of daily living. Because of their lack of mobility/independence & decreased opportunities in society, **THESE YOUNG INDIVIDUALS WITH SEVERE DISABILITIES SPEND A GREAT AMOUNT OF TIME IN THEIR BEDROOM.**

We create a ♥DREAM BEDROOM♥ exclusively for the individual, a sanctuary where he/she will feel happy, stimulated & loved! This is achieved with a team of dedicated volunteers, who creatively design & construct a unique environment, which is inspired by the recipient's passions, dreams & favorite colors. We build custom furniture & create original artwork for each bedroom. Adapted technology is also included to promote the recipient's ability to connect with others & be independent in the cyber world of communication & knowledge.

However, it doesn't stop there! **WE WELCOME YOUNG INDIVIDUALS WITH A WIDE RANGE OF DISABILITIES INTO OUR SPECIAL COMMUNITY** (including those who do not qualify for a makeover) & we nurture this family by creating regular social events & excursions, so they have opportunities to **GET OUT OF THEIR BEDROOMS & SPEND TIME WITH FRIENDS.**
